4.0	Confirmation of the Minutes of the Previous Meeting		
4.1	Minutes from the previous meeting were accepted	No Action	20 Nov 17
5.0	Business Arising from the previous minutes		
5.1	<ul style="list-style-type: none"> • (SG) brought to the attention of the committee her concerns about structural damage occurring at her residence, possibly linked to quarry activity, the acting chair (HN) suggested the (SG) put her concerns in writing to the company as per the condition of consent process & noting that upon formal receipt of her concerns the company may investigate further. • A structural inspection was conducted the following is as per the Structural Condition Report, dated 15 June 2016 • <i>There is also the possibility that blasting at the nearby quarry has exacerbated the cracking that was already present in the structure, and could also be responsible for the new damage identified</i> • The 15 May 2017 CCC meeting minutes have been changed & posted onto the Hanson East Guyong website to reflect the above • An additional blast monitor has been purchased, this will be placed at the residence for all blasts, the reports will be sent through to Sally, in the 3rd quarter of 2018 all reports will be consolidated & reviewed to determine the next step. 	Actioned	20 Nov 17
6.0	East Guyong Quarry Operations update		
6.1	(PR) presented updates on: <ul style="list-style-type: none"> • 280,000 tonnes in sales to date (Calendar Year) • 14 blasts conducted to date with no issues or exceedances. • The pit modification & the annual tons per year increase is yet to be submitted to the department of planning, to date 5 	No Action	20 Nov 17

	<p>test holes have been completed these were primarily to indicate if natural occurring asbestos is present (No Natural Occurring Asbestos has been found, the drill holes were at 50mtr depths with no Natural Occurring Asbestos present) & the vehicle counters have been installed on both the highway & the access road.</p> <ul style="list-style-type: none"> • Visual amenities bunds to be grassed via a hydro mulch system. • Site Solar Bore, 11Mg, pumped thus far for 2017, the bore is only utilised during sunny daylight hours • No water discharge from the sites water storage • No Dust exceedances to report from the site • The internal nursery has been constructed; this will enable us to cultivate our own tube stock for future rehabilitation, thus eliminating the need for tree guards & weed mats, projects. • Bore hole monitoring information was distributed, showing a continuous flow to the North. • New CCC Guidelines to be distributed to CCC members • 2018 Stripping campaign to begin 3rd quarter of 2018, this will complete the southern amenities bund which will enable Hanson to Grass & tree out the bund. 		
7.0	General Business		
7.1	<ul style="list-style-type: none"> • CCC members asked to have items added to the Blast monitor report i.e. Blast size (tons) & explosive amount used • Hanson are happy to place the size of the blast onto the Blast monitor report, however due to company policies the explosives amount used cannot be displayed. 	Actioned	20 Nov 17
8.0	Next Meeting		
8.1	Monday 09.04.2018	No Action	20 Nov 17

MEETING CLOSED

6.30pm
