----	---------------	------	--------

MEETING START TIME

5.00pm

ITEM NO	DISCUSSION POINT	ACTION/CLOSE OUT	DATE
1.0	Welcome		
1.1	GB - Welcome to the meeting.	No Action	26.05.14
2.0	Apologies		
	Nil		
3.0	Site Visit:		
3.1	Site visit completed	No Action	26.05.14
4.0	Confirmation of the Minutes of the Previous Meeting		
4.1	All – discussed & confirmed	No Action	26.05.14
5.0	Business Arising from the Previous Minutes		
5.1	Confirmed & Approved	No Action	26.05.14
6.0	East Guyong Quarry Operations update		
6.1	(MG) presented updates on: <ul style="list-style-type: none"> • Tree regeneration campaign completed, 5000 trees in total planted. • Mobile crushing completion mid to late June 2014 • Haul road into the pit is taking shape. • Certificate of occupancy obtained for the office & weighbridge. • Office / weighbridge complete, Genset currently powering the office/weighbridge. • Genset is shut down in the evenings. • Site Power supply scheduled for July 2014 • Dry commissioning late July 2014, • 1st of August 2014 commissioning of plant. • 4 x outages remaining – 2 for line works & 2 for site works 	No Action	26.05.14
7.0	Expenditure fund East Guyong Cemetery update		
7.1	<ul style="list-style-type: none"> • The Eastern & Northern boundary fences are complete, The Southern boundary needs the gate & palings painted & it will be complete. • Mark & Lynda Rumore have approved the erection of a new fence on the western boundary, scheduled to be completed mid June 2014. • An addition to the original quote will be implemented, due to 	No Action	26.05.14

	dial before you dig being implemented which then required a sucker truck to be utilised to locate the Sydney to Brisbane fibre optic cable as the indicator poles were not accurate in the cables location, approximately \$4500.		
8.0	General Business		
8.1	<ul style="list-style-type: none"> Quacker reversing indicators will be installed on all Hanson incoming yellow machines before they arrive to site, however due to construction contractual restraints machines being used for the construction phase of the quarry, Hanson is unable to nominate Quackers to be used, In regards to road transport vehicles .i.e. Truck & Dogs, all Hanson owned road transport vehicles i.e. Truck & Dogs will be fitted with Quacker's before they are posted at the quarry. Standing ground water level graph was issued; all concerned were pleased with reading. A concern was raised as to the level of noise being generated from the mobile crushing, it is to be noted that the mobile crushing is only taking place during the approved hours & that it is only temporary, the fixed plant will be enclosed so the noise generated will be well below the noise currently being generated from the mobile crushing machines A Noise test will be conducted from "Cadora" at the next quarterly noise monitoring, scheduled for late June 2014. P Riini – appointed Quarry Manager East Guyong J Leech – appointed Quarry Supervisor East Guyong 	Actioned	26.05.14
