No Action	02.11.15
6.0	General Business		
6.1	(MH) raised questions in regards to the following <ul style="list-style-type: none"> • Bore application progress and neighbours' concerns • A commercial negotiation/Agreement may need to be sort, as this will require internal & external company decision makers to be involved. • Why does quarry want trucks entering earlier in the morning if there will be no work done? Is this an extension of operating hours by stealth? • An extension on operating hours for Transport operations has been approved by the owners listed in the condition as well as the Department of Planning, as per Project Approval Schedule 3 Condition 6. • I have heard the beeping of trucks when they are reversing. I thought that these were to be replaced by quieter Quakers. • This was due to external contractors for the stripping campaign conducted onsite, the machines being used had beepers not Quakers, all of Hanson machinery & road trucks have Quakers.
