Monthly Report

CLIENT: Hanson Construction Materials Pty Ltd
SITE: Revegetation Works Hanson Quarry
MONTH: October 2019

DESCRIPTION OF WORK

Zone	Type of Work	Weed Type	Work Description
3/2A	Planting	N/A	<ul style="list-style-type: none">Planted approximately 1,300 plants
3/1	Planting	N/A	<ul style="list-style-type: none">Planted approximately 2,500 plants
9	Planting	N/A	<ul style="list-style-type: none">Planted approximately 800 plants

Notes:

All planting was completed with stakes, plant guards, soil conditioner, and 1L water.

Management Issues:

- Some plant guards have been moved from the plants, most likely by wind events. The guards will be reinstalled when spotted, but should be monitored to ensure the other guards remain.

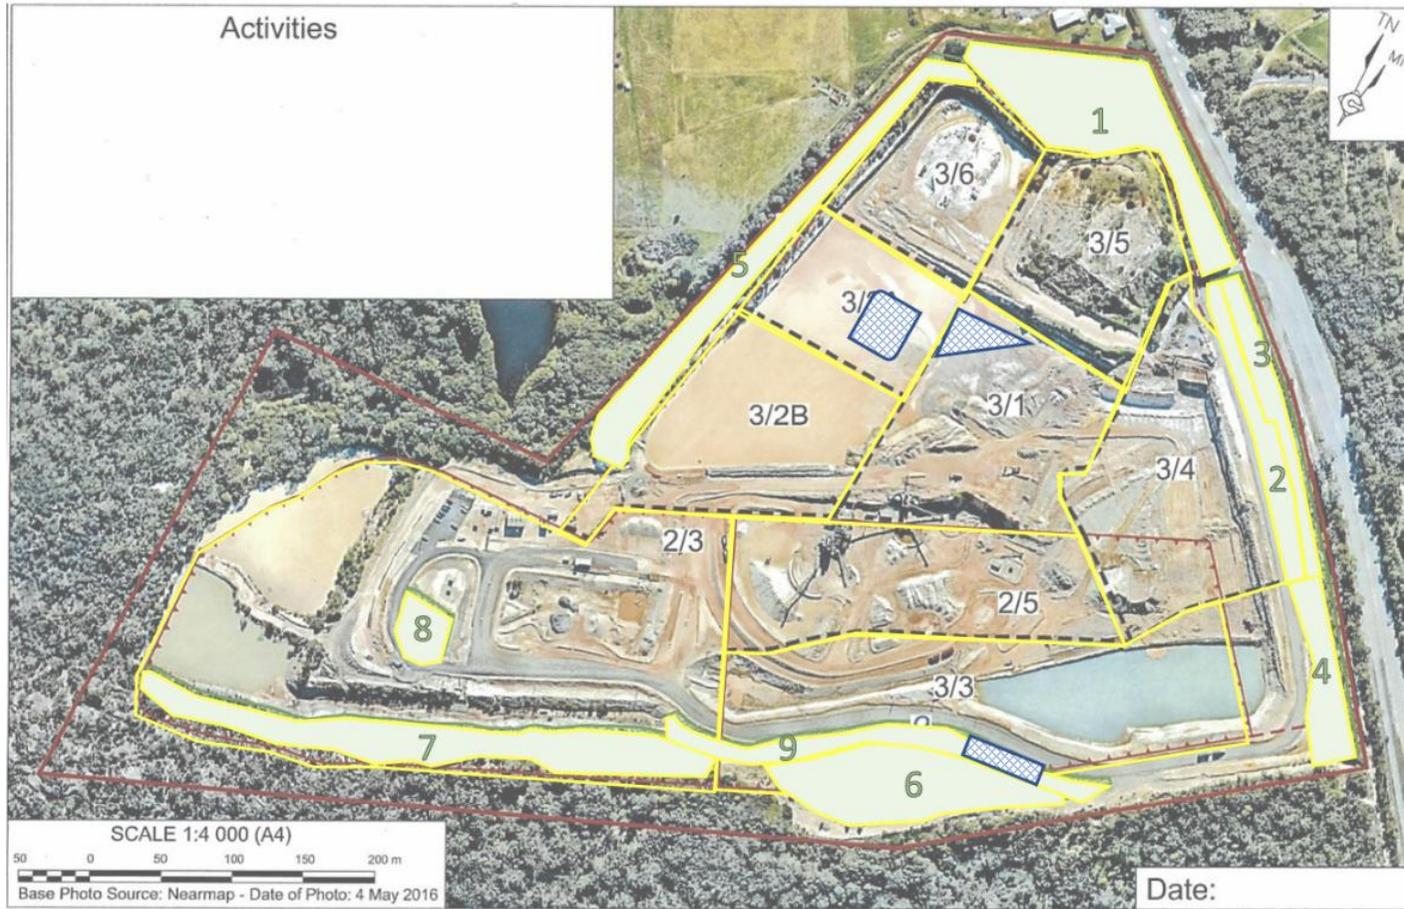

Site Progress:

- Previous planting works have been revisited, and have an approximate 80% survival rate.
- Native regeneration has been observed in the planting areas, with *Persicaria decipiens* (Slender Knotweed) growing between planted species.

Fauna Recorded:

- Red brow Finch – *Neochemia temporalis*
